Jean H. Smith

Dear Sir or Mam:

I graduated from your college in the 70's. I'm now 75 years old and want to know how the college is coming along. What has changed? What kind of degrees do you have? Do you have a tribute to Margo Pitts?

If you have a charge for the information, let me know how much it is.

Could you tell me something about what happened to the teachers? Who are the librarians? What plans do you have for the future? My experience was very educational. *(letter continues on page 2)* It has done me a lot of good.

God bless your organization.

Sincerely,
Jean H. Smith
